## Get Started

Find resources available from the library's collection.

Procurando um livro, periódico ou jornal específico? *Full Text Finder* é um serviço de pesquisa de base de conhecimento de última geração para localizar publicações na coleção de sua instituição, independentemente do editor ou fornecedor. Neste tutorial, veremos os recursos do *Publication Finder*, que incluem pesquisa e navegação. Observe que a interface de usuário do *Publication Finder* oferece suporte a recursos de acessibilidade da web e muitas funções, como operação do teclado, contraste de cores, etc., todas testadas nos principais navegadores.

## Get Started

Find resources available from the library's collection.

A pesquisa por título de publicação é facilitada com um recurso de preenchimento automático responsivo que exibe títulos contendo seus termos de pesquisa conforme digitação.

Quando o título desejado aparecer na lista, basta clicar no nome da publicação para pesquisar essa publicação ou clicar na lupa para fazer uma pesquisa.

Quando uma caixa de pesquisa está disponível para facetas, podemos pesquisar por termos de assunto para refinar a pesquisa.

The image shows a search interface with a left sidebar for filters and a main area for search results. The sidebar has a 'Filters' header with a close icon. Under 'Limit To', there is a checked checkbox for 'Peer Reviewed Journals (165)'. Under 'Subjects', there is a search box containing 'medicine' and a list of subject categories with checkboxes. The main area shows 'Results: 165' with a 'Clear filters' link and a 'Relevancy' dropdown. Three search results are listed, each with a 'Journal' label, a title, ISSN, subject, and 'Full Text Access' options. Red arrows point from the 'Peer Reviewed Journals' checkbox to the 'Results: 165' text and from the 'medicine' search box to the 'Peer Reviewed Journals' checkbox.
