INFORMATION ABOUT THE PROJECT

PROJECT TITLE

reBIRTH Online (REviver na Rede) - Online platform to help the unemployed population use social networks for active job search

TITLE ACRONYM

reBIRTH on the Net

DESCRIPTION

An online platform to support the use of digital social networks to strengthen new forms of active job search and promote employability, social integration and socialization. The goal is to help unemployed take advantage of social networks (e.g. Facebook) to improve in their employability. These social global tools can respond to those needs and contribute to the development of local communities. The project has a strong pedagogical, social and solidarity basis, relying on voluntary work, in a social entrepreneurship spirit. We are already planning to expand it to another level, and eventually further replicate it internationally.
